

ACKNOWLEDGMENT

SINCE the annual convention of June, 1949, and in order to buttress the Society's treasury, a quest for subsidy has been conducted. Although subvention extended to the Society is welcome at any time, a quest will not be undertaken annually.

Because of the press of time and other circumstances, it was not feasible to canvass the Society's entire membership. Hence, the request for subsidy was broached on a modified scale. The response was both very generous and cordial. The universal spirit of co-operation was well keyed by the frequent expression—"for the worthy cause."

To the diocesan and religious groups whose names are inscribed on the page dedicated to our benefactors, and to the members who so graciously promoted the quest—our profound and indelible appreciation!

Ad Perpetuam Rei Memoriam
